## **Research Opportunities for Graduate Students**

Opportunities are available for graduate studies (MSc or PhD) in the area of energy and environmental systems engineering.

Students with interest in these areas and relevant background in any engineering stream are encouraged to apply. Funding in the form of scholarships as well as teaching and research assistantships will be made available to qualified students. Students with scholarships will be considered for top-up funding.

Please contact Dr. Kumar directly:

Amit Kumar

Professor,

Canada Research Chair in Assessment of Energy Systems (Tier-1),

Cenovus Energy Endowed Chair in Environmental Engineering,

Director - Centre for Hydrogen Innovation, Workforce Development and Outreach,

Deputy Director - Future Energy Systems,

Associate Director - NSF Global Center for Sustainable Bioproducts,

Department of Mechanical Engineering,

10-263 Donadeo Innovation Centre for Engineering, 9211 116 Street NW,

University of Alberta,

Edmonton, Alberta, Canada T6G 2E1,
